## A DECADE OF ACHIEVEMENTS

The year 2016 marked Brazil Fund's 10th anniversary. The foundation was a pioneer in the field and innovated by supporting organizations and groups working to defend human rights and fighting different violations. Through its work, it reached every corner of the country. It strengthened voices and made new social partnerships. At the same time, it became larger and stronger.

There is every reason to celebrate the strengthening of a foundation that started small and managed to grow in a sustainable way, expanding its capacity to support initiatives that were fundamental to the country during this period.

In times when the country is witnessing the dismantling of human rights structures conquered over the years, the criminalization of actors and social movements, and violence towards the most vulnerable segments of our population has reached unacceptable levels, the work performed by Brazil Fund is more fundamental than ever – it is a reliable support in the face of the absolute need to resist.

Throughout 2016, Brazil Fund evaluated its core activities in these ten years of operation, seeking to identify how successful it has been in accomplishing its initial goals, as well as ways to promote the necessary adjustments to assure effective responses to new challenges. Thereafter, we worked on the construction of the strategic planning for the coming years.

Great are the challenges and among them there is the urgent need to promote dialogue between groups and actors aiming at strengthening the human rights field. Now, more mature and stronger in its ability to innovate, Brazil Fund also wants to contribute to this task.

In this report, we present figures concerning our growth over the last ten years and the activities carried out in 2016, which contributed to this result.

Good reading!

## STRATEGIC PLAN #10YEARS OF BRAZIL FUND

Over the last ten years, Brazil Fund defined its main strategic objectives for the next years. The paths to be taken in order to reach these goals have also been defined. The resolution came after a broad evaluation, reflection and debates, which counted on the participation of members of the Board of Trustees, Board of Directors and the Fund's staff.

- STRENGTHEN SMALL, MEDIUM AND LARGE GROUPS AND ORGANIZATIONS, INCLUDING NEW ACTORS, IN THEIR ORGANIZATIONAL PROCESSES AND IN THEIR FIGHT FOR HUMAN RIGHTS.

- TO ENABLE THE CONDITIONS FOR DIALOGUE AND THE CONFLUENCE OF THE VARIOUS GROUPS AND ACTORS AND FOR THE RECONFIGURATION OF THE FIELD OF HUMAN RIGHTS.

- STRENGTHEN HUMAN RIGHTS PROTECTION NETWORKS IN THE FACE OF INCREASING VIOLATIONS AT DIFFERENT LEVELS.

- PROMOTE A COMMUNICATION PROCESS THAT CONTRIBUTES TO A CHANGE OF CULTURE AND BEHAVIOR THAT IS FAVORABLE TO HUMAN RIGHTS.

- TO PROMOTE THE INCREASE OF DONATIONS TO THE HUMAN RIGHTS CAUSE IN BRAZIL.

- PROMOTE THE INSTITUTIONAL DEVELOPMENT AND FINANCIAL SUSTAINABILITY OF BRAZIL FUND.

## CALLS FOR PROPOSALS

In 2016, we selected proposals through two calls, supporting 35 projects in the whole country. The amounts donated reached R\$ 677,250.00. This year, the highlight was the opportunity to support projects to support youth in their fight against state violence, which allowed Brazil Fund to go deeper into a very relevant theme, which became

a priority in the present historical moment in Brazil. We also provided emergency funding to four projects. In this report, we covered projects selected in previous years, through calls for proposals and invitation letters that in 2016 received funding to continue the projects.

## ANNUAL CALL "FIGHT AGAINST INSTITUTIONAL VIOLENCE AND DISCRIMINATION"

Twenty projects were chosen through a broad and transparent selection process. These proposals were divided into several different themes related to the defense of rights.

We count on a selection committee formed by Beth Cardoso, coordinator of the Women and Agroecology in Network Program of the Zona da Mata Center for Alternative Technologies; Cleia Silveira, Coordinator of the Saap Fund; Letícia Tura, Executive Director of Fase; Miguel Lago, of the My River network; Mônica Oliveira, Consultant and former Director of Programs at Seppir (Secretariat for Affirmative Action Policies); Paulo Pankararu, Indigenous lawyer; And Samira Bueno, Executive Director of the Brazilian Forum of Public Security.

FORDFOUNDATION

The publication "Strategic Litigation in Human Rights - Experiences and Reflections" presents the results of the projects developed thanks to the specific call launched in 2014. The call for "Strategic litigation, advocacy and communication for the promotion, protection and defense of human rights" was held in partnership with Ford Foundation.

The articles on the publication show eleven emblematic cases in which actions aimed at the Judiciary power and government sectors made possible the transformation of situations involving the violations of rights. The articles were written by the groups themselves and edited by Brazil Fund.

In addition to the cases, the publication provides reflections through interviews with specialists in the subject.

An overview of the Strategic Litigation and Human Rights Conference held in April 2016 was also organized.

## #10YEARS OF BRAZIL FUND

Ana Valéria Araújo at the Innovare Award (Press Release)

### FOUNDATION RECEIVES MENÇÃO HONORABLE MENTION AT THE INNOVARE AWARD

The honorable mention in the Justice and Citizenship category of the Innovare Award was an important achievement in the 10th anniversary of Brazil Fund.

The honorable mention in the 13th edition of this award was granted to the call "Strategic litigation, advocacy and communication for the promotion, protection and defense of human rights" held in partnership with the Ford Foundation.

Four hundred and eighty-two projects were enrolled in this category and only two reached the final round.

The Innovare Award is the most important award involving Brazilian Justice and seeks to honor initiatives in the search for solutions to the challenges faced by all those who work in the justice system, whether in the administrative or judicial fields.

## SPECIAL FUNDING LINE CRIMINAL JUSTICE

### PRE-TRIAL DETENTION IN RIO DE JANEIRO AND SÃO PAULO

This special funding line is a partnership between Brazil Fund and OAK Foundation. The supported projects have fought the human rights violations faced by incarcerated people in pre-trial detention regime.

In 2016, Brazil Fund followed the development of their activities and provided part of the expected funding for the six projects financed by this special funding line in Rio de Janeiro and São Paulo.

All initiatives were chosen in 2014 and received invitation letters. This support made possible the strengthening of organizations working to implement and transform public policies.

The groups developed activities regarding the documentation and monitoring of activities; they carried out campaigns; advocacy and litigation; technical advice and applied research.

**ACTIONS:** Requesting data from public organs of the criminal enforcement system; offering legal education; strategic litigation; research on the modus operandi of the organs of the penitentiary system and collection of data on the profile of the prison population; publication of research data; debate.

## EMERGENCY FUND

### EXAMPLES OF EMERGENCY SUPPORT OFFERED IN 2016

#### CENTER FOR THE DEFENSE OF CHILDREN AND ADOLESCENTS OF CEARÁ - CEDECA

The emergency support provided by Brazil Fund made possible the participation of Cedeca - Ceará in the Inter-American Commission on Human Rights of the OAS / IACHR (Organization of American States) session, held last December, in Panama.

In 2015, together with Anced (National Association of Child and Adolescent Defense Centers) and the DCA Forum (Permanent NGO Forum for the Defense of the Rights of the Child and

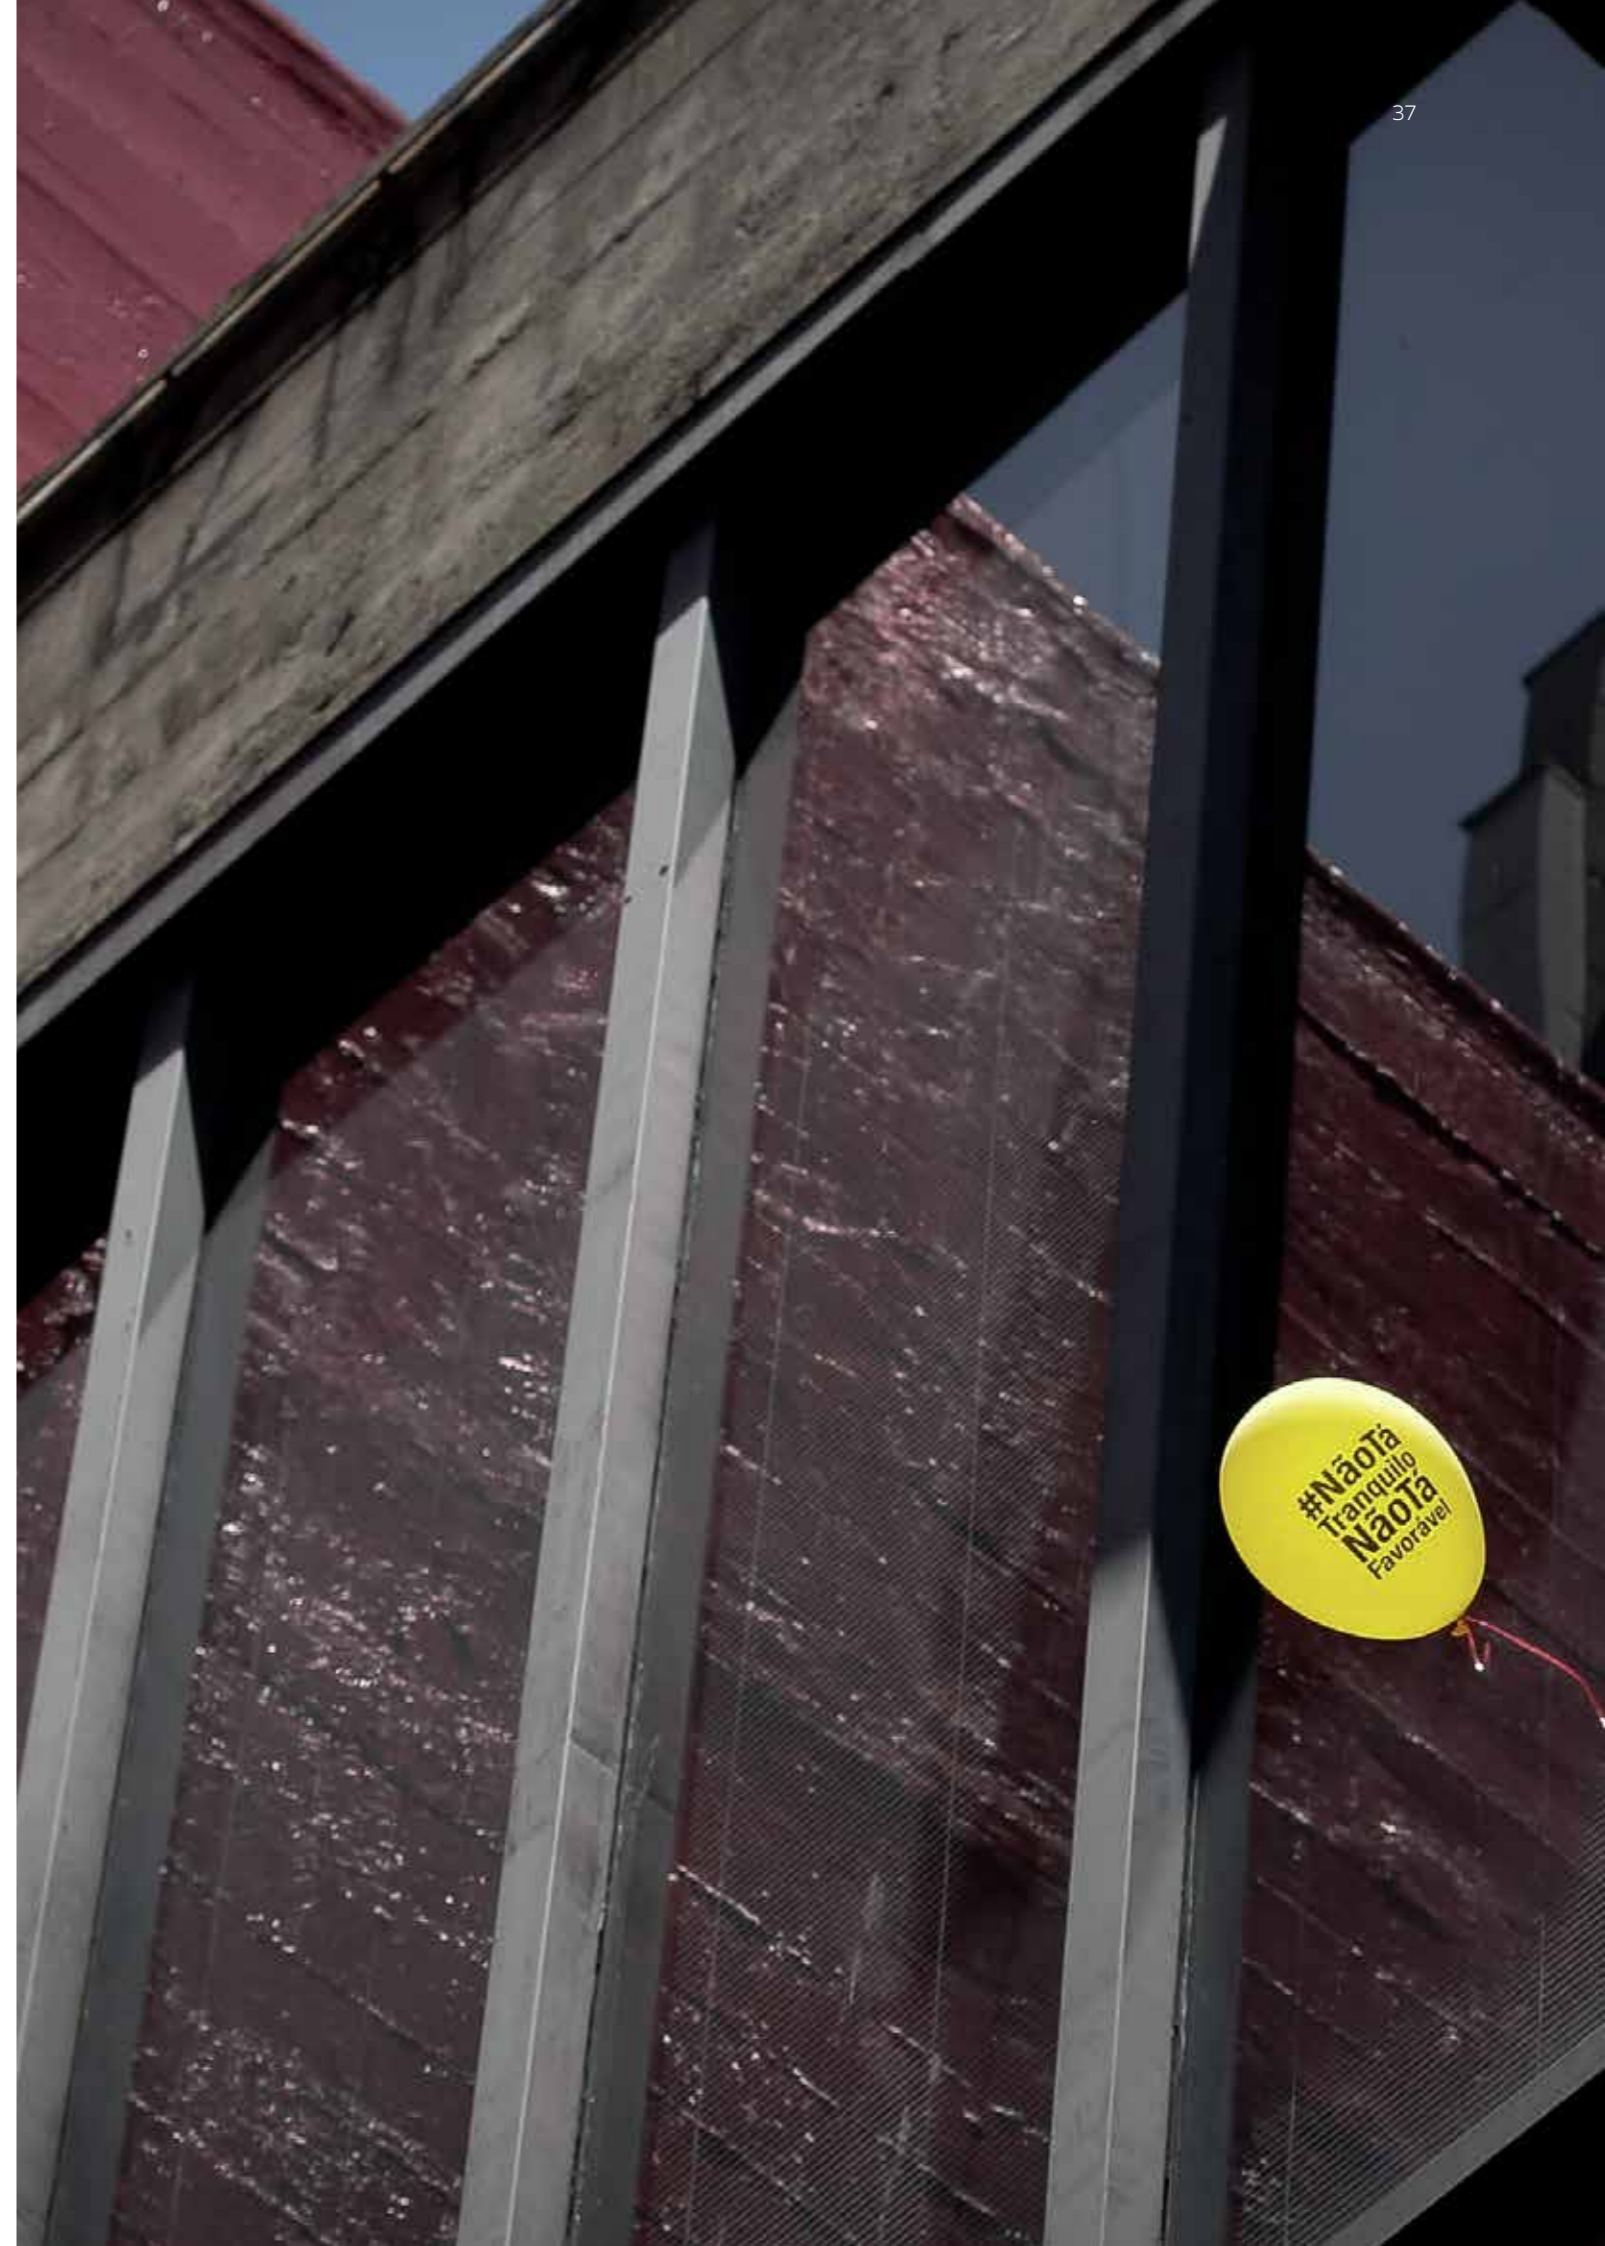

and the adolescent), Cedeca Ceará filed a petition at the Inter-American Commission on Human Rights of the OAS / IACHR denouncing violations in the socio-educational system of Ceará against the rights of adolescents deprived of their freedom.

The session was an important opportunity to update the details of the case to the Commission, with the ultimate goal of ending the violations in Ceará.

#### TONICO BENITES

The emergency support granted to Tonico Benites, an indigenous Guarani-Kaiowá, made possible the participation of indigenous leaders in an "Aty Guasu emergencial" held between December 16 to 18 with the participation of an European Parliament commission during its visit to Mato Grosso do Sul.

Aty Guasu is a large assembly of the Guarani-Kaiowá people. The Guarani-Kaiowa have organized these assemblies since the late 1970s, with the objective of supporting the resistance to land eviction and to recover the land from which dozens of communities were evicted throughout the 20th century.

## STRENGTHENING CAPACITIES

In 2016, in addition to offering financial support, Brazil Fund sought to strengthen its partners through activities such as capacity building workshops for human rights defenders, discussions, conferences and seminars.

For the first time in the Fund's history, we also carried out exchange activities among the supported organizations as a way to promote closer contact between human rights defenders who work on the same themes in different regions of the country.

The exchange of experiences and the strengthening of organizations are some of the positive consequences of these exchanges, something that differentiates Brazil Fund in a scenario of setbacks in the area of human rights with the increasing need to resist the challenges imposed.

The Fund also carries out monitoring visits, through which it offers technical and strategic assistance and has the opportunity to watch from close the reality faced by the supported groups.

In addition, the projects are continuously monitored by the Brazil Fund team.

## STRATEGIC LITIGATION IN HUMAN RIGHTS CONFERENCE

In April, Brazil Fund held a conference on "Strategic Litigation in Human Rights" in partnership with Ford Foundation at Getulio Vargas Foundation Law School's auditorium, in São Paulo. In addition to the conference, the representatives of the supported projects on this theme participated in discussion panels and exchanged experiences.

The main theme of the conference and the discussion panels was the strengthening of actions related to emblematic cases that could influence state action, the review or implementation of public policies and the improvement of legislation.

The invited debaters were Eloísa Machado, a professor at the Strategic Litigation Clinic at FGV Direito SP; Celeste Melão, coordinator of the Model Office and professor at the Faculty of Law of PUC-SP; Daniel Sarmiento, lawyer and professor of law at UERJ; Darci Frigo, coordinator of the Land Rights and Platform Dhesca (Paraná); Kenarik Boujikian, Judge of the Court of Justice of São Paulo, member of the Judges for Democracy Association and advisor to the Brazil Fund; And Nívia Monica da Silva, Justice promoter, member of the Public Ministry of Minas Gerais and coordinator of the Human Rights CAO in Minas Gerais.

# PROJECTS MEETINGS

Representatives from 35 projects supported by Brazil Fund gathered in São Paulo from December 5 to 9 to participate in formative and capacity building activities on youth and political action; youth and violence; technologies and the need for digital security; visibility and communication.

In 2016, the Projects Meeting brought together two different groups: project representatives supported through the 2016 annual call for proposals and representatives of the projects supported by the specific call for proposals "United against the violence that kills Brazilian youth".

In the debates, issues such as the use of the available technologies were addressed; making the cause visible as a way to strengthen the performance of groups and collectives; the lack of space for social themes in traditional media vehicles; and the strategies to escape the official narrative adopted by the hegemonic press

Through the activities proposed by the Brazil Fund team, the participants had the opportunity to report on the stories of their groups, the difficulties they faced, the actions that were taken and the partnerships they formed. During these activities, the groups presented their communication strategies, exchanged ideas and discussed the techniques that can be used in the daily routine of human rights defenders.

## EXCHANGES

### RECIFE

Between the end of June and the beginning of July, organizations working in the Criminal Justice special funding line, gathered in Recife (PE) to discuss the experience with custody hearings and the influential role organizations working on the topic of Criminal Justice play; the problematization of racial issues with a focus on institutional racism; presentation of projects developed with the support of Brazil Fund and dialogue on common issues, difficulties and prospects regarding the excess of temporary incarceration.

Edna Jatobá, of Gajop, during the activity held in Recife (Brazil Fund Archive)

the exchange promoted by Brazil Fund also included a conversation with the Pina community in Recife about selective police approach and the massive incarceration of Black young men, and a visit to the Derby headquarters to meet the Working Group on Racism in the Military Police.

The following organizations took part in the activity Gajop (Office of Legal Advice to the Popular Organizations), from Pernambuco; the Human Rights Society of Maranhão; the IDDD (Institute for the Defense of the Right to Defense), from São Paulo.

### FORTALEZA

In July, the project manager of Brazil Fund, Taciana Gouveia, coordinated an exchange between the organizations from Bahia and Ceará. Gathered in Fortaleza (CE), the participants presented their projects, exchanged experiences and discussed perspectives for the future.

The exchange also included a debate with women participating in the project "For the Wings of Maat", of Inegra (Negra Institute of Ceará), which is one of the groups participating in the activity. Besides talking about their realities, they had the opportunity to know more about actions developed in Bahia.

In addition to Fundo Brasil and Inegra, Ideas (Institute for Development of Social Actions) and the Association of Relatives and Friends of Incarcerated People from Bahia participated in the exchange.

## VISITS

### IN MINAS GERAIS, GROUPS SUPPORTED BY BRAZIL FUND FIGHT MEGAPROJECTS

The monitoring trip held in June to traditional communities in Minas Gerais and Mariana region resulted in the publication of a series of materials on Brazil Fund's site and social media on the activities held by local organizations supported by the foundation to defend the land and fight megaprojects in the region, such the mining projects.

The visits were carried out by the project coordinator of Brazil Fund, Taciana Gouveia, and the communication advisor Cristina Camargo.

Among the stories shared in the visit, there was one of a couple that has been fighting the mining company in Brumadinho and struggles to keep their land bought with family savings.

Another tragic story shared among the participants was of a former resident of Bento Rodrigues, the district of Mariana that was destroyed by the mud of the mining company Samarco after the rupture of the Fundão dam.

In the Northern region of Minas Gerais, small farmers resist in the Vale das Cancelas against the territorial expropriation promoted by large monoculture plantations of eucalyptus and by mining companies that have been advancing through the region of Grão Mogol and Alto Rio Pardo de Minas.

### IN RIBEIRÃO PRETO, A COMMUNITY WINS LAW SUIT

NAJURP (Center for Legal Assistance of Ribeirão Preto), another project supported by Brazil Fund, offers legal assistance to residents at risk of losing their homes. In April 2016, the Fund and the project's participants visited one of the supported communities and held a discussion with community leaders.

With the assistance of Najurp, the residents of the João Pessoa and Nazaré Paulista communities won, in 2016, the repossession suit that threatened them.

The work was performed through a partnership held with the Public Defender's Office.

# MOBILIZATION FOR HUMAN RIGHTS

Although the number of individual donors is still far from what would be required to guarantee a sustainable support to NGOs working with human rights, in 2016, Brazil Fund has made progress in what concerns the creation of strategies to attract people's attention to the importance of human rights and concerning this debate with the different segments of society.

Fundraising and the development of a local environment that supports the defense of human rights are actions that are part of the Fund's strategy.

In 2016, Brazil Fund carried out a series of activities in the field of communication with the aim of broadening the human rights mobilization in the country.

# CAMPAIGNS

## #NÃO TÁ TRANQUILONÃO TÁ FAVORÁVEL

A second campaign was launched in August and used as a motto the chorus of a popular song in Brazil and through that, it caught the attention of social media.

The digital media was used to provide visibility to the mobilization and to obtain the support of people in every region of the country.

The campaign counted on the participation of many celebrities who sent photos holding signs with different hashtag phrases related to the themes supported by Brazil Fund. Artists, activists, youtubers and athletes joined the mobilization. Some of the most acknowledged ones were the activist Maria da Penha, the singer and composer Lenine, the singers Leci Brandão and Fabiana Cozza, the actress and one of the Fund's advisor Letícia Sabatella, and the former consulate Alexandra Loras.

In addition, the general public could also participate by sending photos in support of human rights causes.

Those people interested in participating could go the campaign's website where they would find messages with hashtags created especially for the mobilization. More than 200 photos were posted.

The campaign was structured around a Youtube channel, an Instagram profile, a Gmail account to send marketing emails, two street actions, posts and ads on social media in general, and on Facebook.

Two street actions also mobilized dozens of people at Paulista Avenue and showed that human rights causes have the potential to gather support.

People passing by at Paulista ave. were invited to pose for pictures holding signs related to the themes of the campaign. The images were published on a website specially created for the mobilization.

## SAY YES TO HUMAN RIGHTS IN BRAZIL

Held between the months of May and July, the campaign "Say yes to human rights in Brazil" was supported by the actress Jessica Ellen on Facebook posts.

## CHANGE

Another action related to the mobilization for human rights was the sponsored campaign created in the international platform Change.Org, a website that organizes online petitions connected to various causes. Brazil Fund collected signatures of people who were favorable to human rights so that they could be contacted in the future.

## NOTA FISCAL PAULISTA PROGRAM

The mobilization through the Nota Fiscal Paulista program continued in 2016. The program works by offering credit to the consumers who ask for the bill of sale when they buy goods. This credit is then donated to Brazil Fund to support the work carried out by the foundation.

In order to engage shop owners, in 2016, four campaigns were held in March, June, September and December, around commercial themes

such as the International Women's Day, LGBT Pride Day, the #NãoTáTranquiloNãoTáFavorável and International Human Rights Day.

The campaigns were carried out in partnership with Vult Cosméticos, which donated a number of their products to be offered to shop owners as a token of appreciation for their participation in the program.

## PROMOTING PHILANTHROPY FOR SOCIAL JUSTICE

### PARTICIPATION IN THE PHILANTHROPY FOR SOCIAL JUSTICE NETWORK

Brazil Fund is one of the members of the Philanthropy

for Social Justice Network, an organization that brings together funds that work to promote a new type of philanthropy in Brazil.

As an active member of the Philanthropy Network, the Fund took part in various forums, debates and publications in Brazil and abroad.

The Philanthropy for Social Justice Network was created in 2012 bringing together a group of organizations in the field of philanthropy with similar values and lines of action to direct their actions to the strengthening of human rights, equality and social justice.

#### Interview for the Mobiliza website

Created with the goal of connecting good ideas with resources to materialize them, the Mobiliza website published in September a story about the fundraising challenges faced by independent funds.

The executive director of Brazil Fund, Ana Valéria Araújo, was one of the people interviewed.

She spoke about the difficulties in attracting resources and carrying out mobilization campaigns to raise awareness of the population on the true meaning of human rights and the importance of the work performed by civil society organizations.

### PUBLICATION OF WGPSJP

The partnership between Brazil Fund and the Mothers of May Movement was one of the stories told on the publication **“Effective Philanthropy”**, published by the Working Group on Philanthropy for Social Justice and Peace, which counted on the participation of Ana Valéria Araújo in its management team.

The publication was released in May, with stories about organizations that support social transformation to make systemic changes around the world.

### AWID FORUM

Outra participação importante da coordenadora executiva do Fundo Brasil foi no Fórum Internacional da AWID, na Bahia, para discutir estratégias de buscas de recursos para as mulheres e para as causas feministas.

O fórum, que reuniu quase duas mil participantes de vários países, foi uma oportunidade para reuniões e articulações com representantes de diversos movimentos sociais.

A AWID é uma organização feminista internacional que atua pela igualdade de gênero, desenvolvimento sustentável e direitos humanos das mulheres.

### IHRFG CONFERENCE

From July 12 to 14, Brazil Fund participated in the International Human Rights Funders Group Conference held at the New York University School of Law.

The theme of the conference was “Ceasing opportunities: supporting the human rights movement” and one of the panels was organized by the Philanthropy Social Justice network. Alongside Andrés Thompson, coordinator of the network, and KK Verdade, of Fundo Elas, Ana Valéria Araújo, executive director of Brazil Fund spoke about the Brazilian context, approaching the political crisis and the setbacks in human rights in the country.

In 2016, the coordinator of the Brazil Fund was a member of the IHRFG steering committee.

# STRATEGIC COMMUNICATION

## A BRAZIL OF RIGHTS

Ten people were invited to collaborate and they shared remarkable stories from the first decade of Brazil Fund in the magazine "A Brazil of Rights", edited by Bruno Torturra journalists and advisor of the foundation, and by the journalist Ivan Marsiglia. The magazine was created to celebrate the 10th anniversary of the foundation.

"They would form the best writing team in the country if they worked together", said Torturra on the team gathered around this publication.

For him, the type of storytelling used in the magazine is an interesting way of promoting the importance of human rights, an expression that has been badly beaten in recent times.

The journalists invited were Andrea Dip, Bruno Paes Manso, Djamila Ribeiro, Flávia Oliveira, Fred Melo Paiva, Karla Monteiro, Leonardo Sakamoto, Lucas Ferraz, Ronaldo Bressane and Spensy Pimentel.

They wrote about partnerships that made possible actions such as fighting slavery; supporting LGBT groups; connecting mothers who lost children to violence; the search for paternity acknowledgment; the protagonism of black women, men and young people; the fight for Indigenous rights; and the fight against the losses caused by major infrastructure projects and mega-events.

The magazine also carried articles signed by Ana Valéria Araújo, the Fund's executive director

executive coordinator of Brazil Fund; and by Jorge Eduardo Durão, the foundation's president.

The themes that are part of the publication were discussed between journalists, counselors, former advisers and former counselors, as well as the staff of Brazil Fund.

The magazine **A Brazil of Rights** was launched in December, at the Centro Cultural Rio Verde, when we gathered the Fund's staff, advisors, board and partners to celebrate the ten years of the foundation. Music, nice conversations and an informal environment marked the celebration.

## LAUNCH OF CALLS FOR PROPOSALS AT THE CONCERT "TERESA CRISTINA CANTA CARTOLA"

Two calls for proposals for 2017 were launched during the event Human Rights Musical Dialogues, with the concert "Teresa Cristina Canta Cartola", held at the Paulo Autran Theater, at Sesc Pinheiros: "Fighting Institutional Violence and Discrimination" and "Strategic Litigation: Advocacy and Communication for the Promotion, Protection and Defense of Human Rights".

## REINFORCING TRANSPARENCY

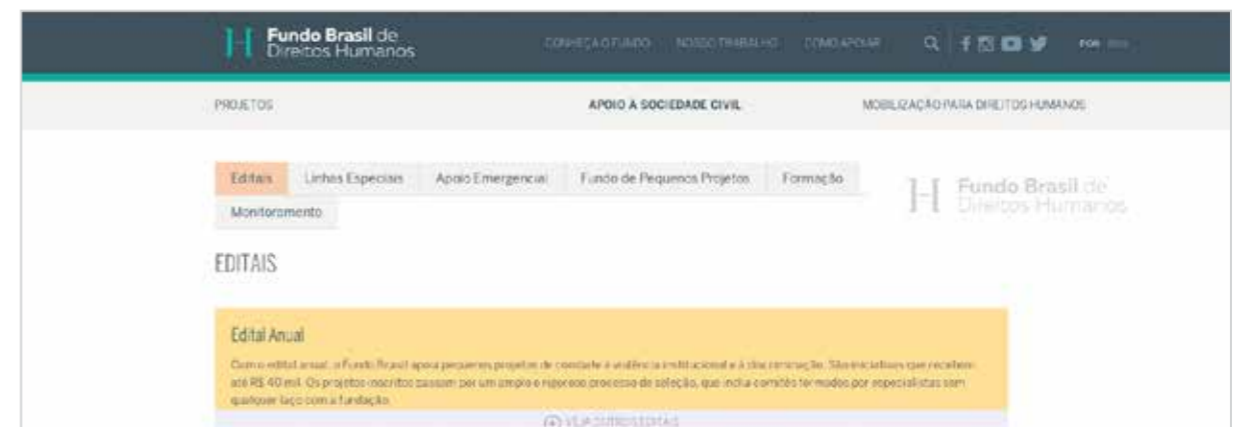

With a modern graphic design and an index organization that facilitates the search for information, the **new Brazil Fund website** was released in 2016, marking the 10th anniversary of the Fund.

The available filters provide transparency to more than 300 projects, which were supported over a decade. The search engine allows you to search by topic, funding lines, regions, states, year and status (closed or in progress).

The disclosure of the activity reports, financial statements, titles and certificates, publications and newsletters and information on the Fund's supporters also followed the transparency principle adopted since the Fund's early years.

In addition, the website is supplied weekly with news related to the Fund's institutional performance and the activities carried out by the supported projects.

## INNOVATING IN DIGITAL COMMUNICATION

Videos, gifs and illustrations were some of the resources used by Brazil Fund in social media to promote its work throughout the year 2016. Content production was intense, both for the site and for social media – Facebook and Twitter.

Special attention was given to the promotion of series such as the # Say Yes to Human Rights, which carried video-testimonies of human rights defenders supported by Brazil Fund; to the series showing the story behind the Mothers of May Movement, which also completed 10 years in 2016; and to the series in which counselors and coordinators of the Fund made statements against the culture of rape in Brazil.

## PROMOTING HUMAN RIGHTS CONTENT

A partnership between The Huffington Post, a blog aggregator, made possible the publication of articles signed by the Brazil Fund on their website.

The articles discussed the importance of mobilizing society around human rights and on communication as an instrument of transformation. One of the texts shared the story of Margarida Genevois, one of the founders of the foundation and companion in many struggles of Dom Paulo Evaristo Arns, who died in 2016.

### TVT

The partnership between the Fund and TVT, a TV Channel related with the Steelworkers and Bank Trade Unions. The channel broadcasted a series of videos on human rights produced by Brazil Fund.

### Open Democracy

Another important space used by the Fund in 2016 was the Open Democracy website. The executive directors of Brazil Fund, Ana Valéria Araújo and Maíra Junqueira, listed logistical issues and the lack of knowledge among Brazilians as obstacles to fundraising for human rights in the country.

Despite these obstacles, they stated that there are many people interested in supporting the development of a better country, and this is what makes possible the mobilization in defense of human rights.

In the text, they say that it will be easier to gain the support of society when Brazilians understand the importance of the groups that work in the front line defending rights and coping with violations.

## DISCUSSING STRATEGIC COMMUNICATION

In June, Ana Valéria Araújo, executive director of Brazil Fund, was the mediator of the “Is there a future for nonprofit organizations in Brazil?” at the 11th Abraji International Congress of Investigative Journalism.

The debaters were the journalists Leonardo Sakamoto and Bruno Torturra, who is also one of the advisors to Brazil Fund.

The initiative is part of the foundation’s efforts to establish a dialogue with the media on the need to engage society in human rights–related causes.

### ComNet 2016

Alongside representatives of other Brazilian organizations, Maíra Junqueira, deputy executive director and development and institutional relations manager of Brazil Fund participated in ComNet 2016, an annual conference to discuss communication strategies for the social sector held in Detroit (USA) in September.

Five hundred social sector professionals from various countries discussed and exchanged experiences on the potential of communication and on strategies that can be used in this field.

Topics such as digital experiences of strategic communication, ways of influencing the audiences, the importance of understanding the message and of getting to know each target audience.

The background features a complex, abstract geometric pattern. It consists of various shades of green and white, forming sharp, angular shapes that resemble a stylized, fragmented landscape or a series of overlapping planes. The overall effect is modern and dynamic.

We believe that the audit evidence obtained is sufficient and appropriate to support our opinion.

### 3. OTHER INFORMATION ACCOMPANYING THE FINANCIAL STATEMENTS AND THE AUDITOR'S REPORT

The Company's Management is responsible for such other information that comprise the Management Report. Our opinion on the financial statements does not include the Management Report and we do not express any form of audit conclusion on this report.

In connection with the audit of the financial statements, our responsibility is to read the Management Report and, in doing so, consider whether this report is, in a relevant way, inconsistent with the financial statements or with our knowledge gained in the audit, or if it otherwise appears to be materially distorted. If we conclude that there is material misstatement in the Management Report, based on the work performed, we are required to report this fact. We have nothing to report in this regard.

### 4. MANAGEMENT RESPONSIBILITIES AND GOVERNANCE BY FINANCIAL STATEMENTS

The Company's Management is responsible for the preparation and appropriate presentation of these financial statements in accordance with accounting practices adopted in Brazil and as such internal control as it determines to be necessary to enable the preparation of financial statements free from material misstatement, whether due to fraud or error.

In the preparation of financial statements, management is responsible for assessing the ability of the Company to continue operating, promoting, where applicable, the matters relating to its operational continuity and use of this accounting basis in preparing the financial statements, unless the management

Pg. 1 / 3

intends to liquidate the Company or cease operations, or has no realistic alternative to avoid the closure of operations.

The people responsible for the governance are those responsible for overseeing the Company's financial reporting process.

### 5. AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF FINANCIAL STATEMENTS

Our goals are to obtain reasonable assurance that the financial statements, taken as a whole, are free from material misstatement, whether due to fraud or error and issue audit report containing our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Distortions may be due to fraud or error and are considered relevant when, whether individually or together, can influence, within a reasonable perspective, the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Brazilian and international auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. In addition to that:

- a) We have evaluated the overall presentation, structure and content of financial statements, including the disclosures and if the financial statements represent the underlying transactions and events in a manner consistent with the purpose of fair presentation.
- b) We communicate with the responsible for governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- c) We have identified and assessed the relevant risks of material misstatement in the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- d) We have obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- e) We have evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- f) We have concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that there is significant uncertainty, we must call attention to our audit report for the related disclosures in the financial statements or include modification in our opinion, if the disclosure is inadequate. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- g) We have evaluated the overall presentation, structure and content of financial statements, including the disclosures and if the financial statements represent the underlying transactions and events in a manner consistent with the purpose of fair presentation.

We contact the responsible for governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to those responsible for governance a statement that comply with relevant ethical requirements, including the requirements of independence, and communicate all possible relationships or matters that could considerably affect our independence, including, where applicable, the related safeguards.

**6. OTHER MATTERS**

**Statement of Origins and Fund Application** - The SOFA for the fiscal year ended on December 31, 2016 was prepared by the entity under the responsibility of its management, and subject to the same audit procedures described above. In our opinion, that statement is fairly presented, in all material respects in relation to the financial statements taken as a whole. SOFA has been prepared as required by the Ministry of Social Development and Fight Against Hunger through Ordinance MDS 353 of December 23, 2011.

**Audit of values corresponding to the previous year** - The figures for the year ended on December 31, 2015, presented for comparative purposes, were audited by us, according to a report dated of April 06, 2016, which did not contain any modification.
